**STATEWIDE ON-CALL CONTAMINATED AND HAZARDOUS MATERIALS SERVICES**

**POSTING DATE:** May 9, 2024

**SCOPE OF WORK:**

Four (4) Statewide On-Call Agreements, anticipated to have values of \$1,000,000 for the two (2) firms with the highest rated proposals, and values of \$500,000 to the two (2) firms with the third and fourth rated proposals, each over a four-year term, are needed to provide on-call contaminated and hazardous materials investigations throughout the state. Typical assignments may include, but are not limited to, determining the possible presence, type, and extent of contamination and/or hazardous materials in and adjacent to proposed and existing highway rights-of-way, and at the Department's sites and facilities, to include the following tasks:

- Site assessments (investigations and research) for Department construction projects and maintenance activities,
- Investigations at properties scheduled for full or partial acquisition and/or demolition and disposal,
- Oversight and monitoring of construction/remediation activities in suspected hazardous/contaminated areas,
- Preparation of reports and plans, and
- Public involvement support services, including contacting landowners with suspected/known contamination.

This work will require Professional Engineer licensure in the State of New Hampshire.

Consultants submitting a Letter of Interest will be assessed on their capability to perform the above mentioned services as well as their availability to respond rapidly to on-call assignments.
